A Complete Reference Database to the Transactional Analysis Literature

TA DATA 4.0

This database includes about 14,000 keywords covering the *Transactional Analysis Bulletin* (1962-1970), the *Transactional Analysis Journal* (1971-2002), essentially all books (not pamphlets) on transactional analysis published in English from 1947-2002 (120 books), and 450 journal articles from the APA PsycINFO database covering abstracts from some 1300 journals worldwide (1967-2002), including 290 research article references to transactional analysis and 143 research dissertations. The system includes three search programs, all of which can output to the screen monitor, the printer, or to file storage. TADATA 4.0 is provided on two 3½-inch 1.4 megabyte disks or on a CD disk in IBM-compatible format. Two megabytes free hard disk space are required. Standard price: $63 for ITAA members, $73 nonmembers, which entitles the purchaser to register as a user and to obtain updates for $15. ITAA members whose dues are set using the TAlent system may have the price of this product prorated on the same basis as their dues.
